

Mr. Stephen Bird

Stephen Bird is a general sonographer with 25 years of clinical experience. He is currently working at Benson Radiology in South Australia. He holds a General and a Vascular DMU and a Masters of Medical Sonography from the University of South Australia. Professionally he has been a member of the ASUM Federal Council, ASA Federal Council, Chairman of ASAR and Chairman of the DMU Board of Examiners. He was the recipient of the 2002 ASA Pru Pratten Memorial Sonographer Achievement Award and in 2008 was made an Honorary Fellow of ASUM. He is a passionate educator, presenting regularly at national and international conferences as well as conducting weekend workshops for diagnostic medical ultrasound professionals.
