

Tammy Moey
Consultant, Diagnostic Radiology
Singapore General Hospital

Dr Tammy Moey is a Consultant Radiologist at the Singapore General Hospital. She has a subspecialty interest in breast imaging and breast intervention, and her research efforts are focused on digital breast tomosynthesis and breast elastography.

Dr. Moey earned her MBBS from National University of Singapore and was accepted as a fellow in the Royal College of Radiologists, UK in 2011. Dr. Moey was awarded the Singhealth HMDP fellowship award in 2015 for breast imaging. She completed her fellowship at the Department of Radiology at Cambridge Breast Unit, Addenbrooke's Hospital and University Hospitals NHS Foundation Trust, UK.

She is currently director of Academic Affairs in the Radiological Sciences Academic Clinical Programme (RADSC ACP).
